**SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT**

Sir:

Pursuant to Applicant(s) duty of disclosure, the information listed in the attached form PTO/SB/08A is brought to the attention of the Examiner. Copies of the U.S. patent documents are not provided in accordance with the waiver of that requirement under 37 C.F.R. §1.98.

The citation of the listed items is not a representation that they constitute a complete or exhaustive listing of the relevant art or that the references are prior art. The items listed are submitted in good faith, but are not intended to substitute for the Examiner's search. It is hoped, however, that in addition to apprising the Examiner of these particular items, they will assist in identifying fields of search and in making as full and complete a search as possible.

It is respectfully submitted that the documents being submitted along with the Request for Reconsideration of Petition to Make Special Pursuant to 37 C.F.R. Sec. 1.102 which was received by the Office of Initial Patent Examination (OIPE) are similar to those documents initially filed with the Request for Reconsideration. The original documents were misplaced by the Applicants. Applicants inquired Examiner Daniel Kesack of Group Art Unit 3691 who is handling U.S. Application Serial No, 10/044,075 to be provided with copies from the Patent Office files. After looking for the original copies submitted to the Patent Office by the Applicants, Examiner Daniel Kesack on July 23, 2008 informed the Applicants that the original

Applicants followed the recommendation of Examiner Kesack. It is respectfully submitted that the original documents and the similar documents submitted herewith are not considered to be prior art by the Applicants.
